

SEND news and updates - December 2020

You might already be aware of **Wigan's Local Offer website**, which brings together information for families of children with SEND around education, health, activities and support. The Local Authority have added information bringing together the **Online Training and Sessions** for families run by Wigan Council, Wigan Parent Carer Forum, Embrace and Kooth. These offer the opportunities to find out more about different services and to have your questions answered by professionals. The sessions include autism, early years, mental health and sensory strategies. This information will be updated as more sessions are arranged in the New Year.

Please click on the link below to access further information on the Wigan website.
